

Report to the Community Fiscal Year 2022

Community
Foundation
for Southern Arizona

Our Purpose

To create an equitable and vibrant community for all Southern Arizonans by connecting donors to the causes they care about, now and forever.

cfsaz.org

Together, we are building an equitable and vibrant community for all.

Despite the turbulence and unpredictable nature of the last year, 2022 was a time of genuine growth and renewal at the Community Foundation for Southern Arizona (CFSA). From the facilitation of our largest single grant round to date to the creation of new programs through our Center for Healthy Nonprofits to the implementation of a new initiative that harnesses the power of the sun, CFSA's board, committees, and staff demonstrated an unwavering commitment to creating an equitable and vibrant community for everyone in Southern Arizona.

The **African American Legacy Fund** distributed \$50,000 to six organizations that support the local African American community and helped launch the first cohort of the **African American Leadership Institute of Southern Arizona**. Hosted by the State of Black Arizona, the Institute aims to increase African American participation in key civic, political, and workforce-related leadership roles.

The **LGBTQ+ Alliance Fund** awarded \$103,500 to twelve nonprofit organizations offering critical support and services to Southern Arizona's queer community - a 25 percent increase from last year. To better meet the needs of their grantees and enhance organizational sustainability, the Alliance Fund also transitioned to multi-year funding for this year's grantees.

In response to requests from our nonprofit partners, the **Center for Healthy Nonprofits** launched a seven-part finance series that engaged more than 160 nonprofit professionals in training on budgeting, reading financial statements, creating useful dashboards, and much more. In total, the Center offered over 1,000 hours of organizational development support in fiscal year 2022.

Through our conversations with donors and nonprofits, we learned that community members are looking for ways to simplify their giving while still supporting the nonprofits close to their hearts. To meet that need and offer community members a direct and effective way to participate in collective impact funding, CFSA launched nine **Field of Interest Impact Funds**. Many donors see this fresh approach to giving as a great way to pool resources and allow their dollars to have a bigger impact.

CFSA welcomed several family foundations as new funds, offering those philanthropists a simpler way to carry on their family legacies of generosity. We also worked diligently to increase the availability of general operating support available to our nonprofit partners, with a historic \$1.12 million awarded in May 2022 to 55 nonprofits through our **CORE Grants Program**.

Last but definitely not least, we made significant strides toward increasing the sustainability of our services and reducing our environmental impact.

Through the generosity of an anonymous donor, the Community Foundation Campus was transformed into a solar powerhouse early last year, and in April 2022, CFSA launched the **Nonprofit Solar Project** to bring that same benefit to our nonprofit partners. By offering this opportunity to local nonprofits, CFSA looks to address environmental disparities in our local community and increase the capacity of the nonprofit sector in Southern Arizona.

None of this work would be possible without your generosity and support, and we remain committed to serving as our community's partner in philanthropy, now and forever.

Our Initiatives

The **African American Legacy Fund (AALF)** works to address the educational and economic disparities faced by African Americans who call Southern Arizona home. Established in 2013, AALF supports innovative educational programs for African American youth in the community. AALF is led by an advisory board whose members are committed to impacting our community, raising funds each year to grant to nonprofit organizations, and building an endowment fund to ensure philanthropic dollars are available in perpetuity.

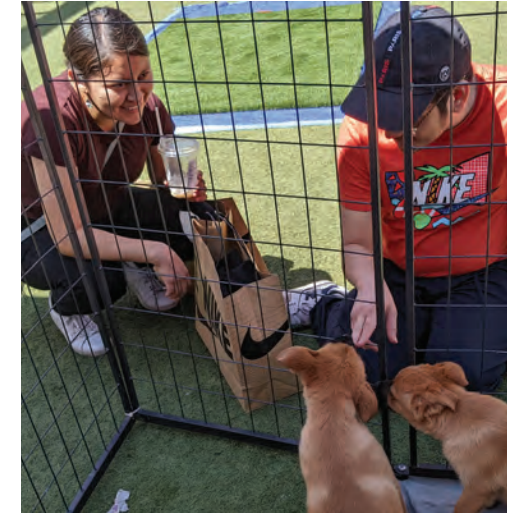

The **Center for Healthy Nonprofits** strengthens the Southern Arizona nonprofit community by offering free and reduced-cost capacity-building workshops and training for nonprofit professionals and volunteers. Nonprofit organizations must keep up with best practices and find the

means to learn new skills and develop their workforce and governing boards as they work to fulfill their missions. Work in the nonprofit sector presents unique challenges, often stemming from too few resources. The Center works to fill that resource gap and maximize the impact of every nonprofit.

The **Community Foundation Campus** opened in January 2019 as a shared space for community advancement. The Campus was designed to strengthen Southern Arizona's nonprofit community by cultivating an environment that promotes networking, partnerships, and shared learning. The Campus spans more than 24,000 square feet across three buildings with a central courtyard. It offers open and enclosed offices for lease to nonprofits, nonprofit suites, shared amenities, numerous meeting and event spaces, and a drop-in coworking space.

The **CORE Grants Program** was introduced in April 2017 to increase the availability of general operating support for high-impact nonprofits in Southern Arizona. Most importantly, CORE Grants are rooted in mutual trust with the philosophy that organizations understand their unique needs and can demonstrate and achieve impact. In 2019, CFSA launched the CORE Collaborator Program to offer donors and funding partners the opportunity to hear firsthand from nonprofit staff about the critical needs in the community and meet other donors who share their commitment and passion.

The **Lesbian, Gay, Bisexual, Transgender & Queer (LGBTQ+) Alliance Fund** seeks to foster charitable giving in support of innovative programs and initiatives that benefit the LGBTQ+ community in Southern Arizona. Created in 1999 in partnership with the National Lesbian and Gay Community Funding Partnership, the Alliance

Fund connects donors with projects that benefit the LGBTQ+ community through annual competitive grant rounds and endowment building.

Making Action Possible (MAP) Dashboard was created to measurably improve Southern Arizona through data-driven, collective civic action and education. MAP fills a gap by providing a common collection of information to evaluate our community and collaborate to address our shared issues. MAP is the product of a partnership between the Community Foundation for Southern Arizona, the Pima Association of Governments, the Southern Arizona Leadership Council, Sun Corridor, Inc., and the University of Arizona's Eller College of Management.

Launched in April 2022, the **Nonprofit Solar Project** offers local nonprofits the opportunity to meet a significant portion of their energy needs through solar power. The project is the

first initiative under CFSA's new Environmental Sustainability Impact Fund. The Nonprofit Solar Project was developed in partnership with Solar United Neighbors and is funded primarily through generous support from an anonymous CFSA donor. Additional support from Tucson Foundations, Tucson Electric Power, and individual donors through CFSA's Environmental Sustainability Impact Fund, helped expand the project's reach in its first year.

Pima Alliance for Animal Welfare (PAAW), an initiative of CFSA, was established in 2012 to ensure that all Pima County companion animals have a loving home and humane care. PAAW brings together animal-loving representatives from nonprofits, county shelters, rescue groups, churches, businesses, and more. Over the last ten years, the initiative has hosted over twenty community-wide gatherings and facilitated numerous local adoption events.

Our Services

Individuals and Families: The Community Foundation for Southern Arizona (CFSA) staff members provide personalized service to individuals and families to help you identify and actualize your philanthropic goals. We learn about your interests and recommend a combination of giving vehicles to best achieve those goals.

Some giving vehicles are designed to support a specific charity over several years or support a particular cause of the donor's choosing. Other giving vehicles allow the individual or family to receive an immediate tax deduction with the continuing ability to recommend grants to various charities year after year.

You can also choose to partner with CFSA to build our investments in the community. CFSA's community endowment fund seeks to support Southern Arizona and adapt to our region's most pressing needs, now and into the future.

Southern Arizona Businesses: CFSA offers expertise and administrative support to large and small corporations and businesses to efficiently contribute to the community. While individual business needs vary, they can benefit from CFSA's professional administration services to leverage their support by:

- Distributing grants on behalf of the business.
- Providing status reports, thereby reducing its internal processes.
- Ensuring grants are sent to legitimate nonprofit organizations supporting the community.
- Recommending specific community needs that align with their mission and philanthropic goals.

Private Foundations: While establishing a private foundation remains an upfront tax-advantaged solution, some philanthropists find that they can achieve the same lasting impact by opening a donor advised fund with CFSA, while avoiding the burdensome reporting requirements and potential taxes.

Established family and private foundations may experience similar benefits by converting into a donor advised fund with the Community Foundation. Family members continue to make grant recommendations, and CFSA ensures that the donor's original philanthropic objectives are honored.

A donor advised fund can be used to give now, give later, or both. In addition, a donor advised fund succession plan can engage the next generation of family members creating a lasting legacy of philanthropy.

"When we formed the Fenster Family Foundation, we were overwhelmed with how complicated the process is: from the IRS regulations to the accounting, to the legal filings and the identification and vetting of eligible nonprofits. We were thrilled when we joined CFSA because they took care of all that for us. CFSA makes it so easy. They do all the hard stuff, and all we have to do is give money away! We love being part of CFSA."

– The Fenster Family

The Fenster Family at the Community Foundation Campus.

Professional Advisors: Individuals rely on professional advisors — attorneys, financial planners, CPAs, trust officers, investment advisors, and insurance agents — to guide them in the process of making decisions about their financial and estate plans. CFSA partners with professional advisors to help establish giving options that maximize their client's tax benefits and ensure their philanthropic intent is honored.

Southern Arizona Nonprofit Organizations: In addition to the financial support provided to nonprofits through donor advised grants and competitive grantmaking, CFSA also supports local nonprofits with capacity-building and technical assistance through its Center for Healthy Nonprofits and Catchafire program.

The Center's training programs include a variety of workshops, roundtables, and seminars featuring both "hot topics" and essential nonprofit management and leadership curricula. By tapping into the rich resources of the regional nonprofit consulting community and nationally recognized experts, the Center offers nonprofits of all sizes valuable guidance and skill development.

Through CFSA's Catchafire program nearly 350 Southern Arizona nonprofits have free, unlimited access to 100,000+ online skills-based volunteers to help with projects that are critical to nonprofit success and sustainability, such as building a new website, creating an annual report, updating an employee handbook or governance policies, or launching a new fundraising campaign.

In just three years, CFSA grantees completed more than 1,622 projects through Catchafire, representing over \$5.6 million in saved expenses and 28,765 hours of volunteer time donated to support the nonprofit sector in Southern Arizona.

CFSA also provides endowment management services for nonprofits ready to engage in endowment building to provide financial support to their organization in perpetuity.

Supporting Organizations and Geographic Affiliates

Supporting Organizations

David and Norma Lewis Foundation supports global initiatives that give people the tools and resources to build hope, equality, opportunity, justice, equity, and compassion in human relations. They also support Southern Arizona creative arts organizations and initiatives that help the less fortunate succeed.

Howard V. Moore Foundation was established through the estate of Howard V. Moore and makes qualifying distributions in the areas of education, women's health, and children in Yuma.

Social Venture Partners Tucson combines the power of business with the passion of philanthropy to enhance philanthropic education and invest in innovative nonprofit organizations.

Sycamore Canyon Conservation Foundation was established for the purpose of monitoring, maintaining, and repairing certain environmentally-sensitive areas near Tucson, Arizona.

Thomas R. Brown Family Foundation supports the community through grants to qualified charitable, scientific, and educational organizations, with focus areas of STEM education and research, economics education, civic leadership, and workforce development.

William Edwin Hall Foundation awards grants annually to nonprofit organizations that support the needs of children and youth. The William Edwin Hall Foundation's Board of Directors sets the funding priorities, reviews the grant reports and grant proposals, and recommends funding to the Community Foundation for Southern Arizona's Board of Trustees.

Worth and Dot Howard Foundation offers educational scholarships to a wide range of meritorious individuals from designated Arizona schools, community colleges, and other higher learning institutions.

Geographic Affiliates

Santa Cruz Community Foundation is a permanent charitable resource founded in 2001 by area residents to empower their community to invest in itself. SCCF assists Santa Cruz County to prepare for the future by strengthening the community through scholarships and grants to local nonprofit organizations.

\$275K+
granted since 2013 to support innovative, collaborative programs that improve the quality of life for Southern Arizonans of African heritage

African American Legacy Fund

Founded by esteemed philanthropist, educator, and civic leader Dr. Anna Jolivet, Ph.D., the African American Legacy Fund (AALF) works to address the educational and economic disparities faced by African Americans who call Southern Arizona home.

Since 2013, our generous donors have made it possible for AALF to invest over \$275,000 toward making Dr. Jolivet's vision a reality. With guidance from an advisory board of local leaders, AALF supports innovative educational programs, invests in the development of Black and African American leaders, and champions Black-led organizations and businesses.

BLAX FRIDAY

Through its partnership with Blax Friday, a local community organization that provides engagement and brand awareness opportunities, AALF supports Black business owners throughout Southern Arizona.

Blax Friday spotlights Black-owned businesses through their website, app, social marketing, promotions, weekly newsletters, and community events. Last year, AALF provided continued support for Blax Friday's website and app, as well as efforts toward receiving a federal trademark.

AFRICAN AMERICAN LEADERSHIP INSTITUTE

AALF also continued its partnership with the State of Black Arizona to facilitate the African American Leadership Institute (AALI) for Southern Arizona.

AALI is a 10-week masterclass program that builds the individual development of African American leaders for the purpose of increasing African American participation in key civic, political, and workforce-related leadership roles. The first cohort saw eight students graduate from the program in 2022.

Diversity in Dentistry strengthens the diversity pipeline from middle school to dental school through mentoring, educational programming, and scholarships.

Graduates from the 2022 African American Leadership Institute for Southern Arizona standing with AALF Chair Kendal Washington White, AALF Vice Chair John-Peter Wilhite, CFSA President and CEO Jenny Flynn, and State of Black Arizona Executive Director Teniqua Broughton, M.Ed.

TEEM (Tucson Education Empowerment for Minorities) offers vital educational programming to engage youth and encourage learning and discovery.

Center for Healthy Nonprofits

Center for Healthy Nonprofits

1,000+ hours
of free organizational
development support
offered through the Center
in fiscal year 2022

CFSFA provides capacity-building and developmental workshops and training to local nonprofits in Southern Arizona as additional support to the community beyond just financial assistance. In fiscal year 2022, community members were able to learn and grow with other nonprofit professionals during more than 80 training events and webinars offered through the Center for Healthy Nonprofits. From monthly Marketing & Communications Roundtables to topic-specific "Ask An Expert" events and free consultant support through our TeamUp program, the Center is deeply committed to investing in the hopes, dreams, and talents of the people leading Southern Arizona's nonprofits.

This important work has been – and continues to be – possible because of the visionary leadership and generosity of the Connie Hillman Family Foundation as the keystone supporter of our work.

NONPROFIT FINANCE SERIES

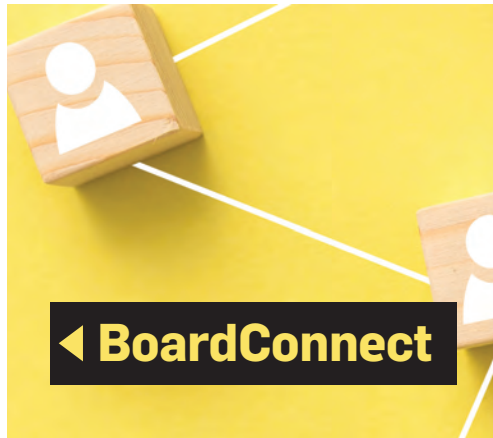

Budgets and balance sheets and dashboards, oh my! One of the Center's most extensive – and best attended – technical training series launched in January 2022. Nonprofit financial expert Joan Hubele, MBA, coached nonprofit professionals and volunteers in critical areas of financial management and provided tangible tools for understanding financial data. This seven-part series walked

participants through financial statements, budgeting, tracking revenues, and how to put it together to support nonprofits.

In total, more than 160 nonprofit professionals and volunteers participated in this innovative educational series and over 65 individuals attended all seven sessions to successfully earn a Financial Management and Budgeting for Nonprofits Certificate.

"This is a fantastic series of classes answering a REAL NEED in the non-profit community. THANK YOU!!!"

– Finance Series Participant

The Center for Health Nonprofits does an incredible job equipping leaders and organizations to rise to the challenges and provide high quality support to our community. When there is an investment in the leaders behind the organization, everyone benefits, and I am grateful for the opportunities they provide."

– Center Workshop Participant

BOARDCONNECT

In fiscal year 2022, the Center for Healthy Nonprofits helped plan and facilitate two BoardConnect events to connect Southern Arizona nonprofits with individuals interested in volunteering.

Hosted at the Community Foundation Campus, BoardConnect events offer community members the opportunity to meet and speak with representatives from a variety of local nonprofits and learn about potential volunteer opportunities, including serving on a board or committee. Between the two events, over 250 participants came together to strengthen the nonprofit sector.

Community Foundation campus

630+
meetings and events
hosted at the CF Campus
in fiscal year 2022

Community Foundation Campus

In 2019, the dream of creating a nonprofit campus for Southern Arizona became a reality. Thanks to generous support from our donors, the Community Foundation Campus offers nonprofit organizations multiple ways to convene, collaborate, and grow.

The Campus provides secure and professional office space for nonprofits with one to four employees in the coworking lab, eight 1,000 square foot nonprofit suites, and several meeting and event spaces. Today, the Campus is home to over 20 different nonprofits of different sizes and missions, and hosts hundreds of visitors in its event and meeting spaces each week.

COMMUNITY FOUNDATION CAMPUS GOES SOLAR

Through the generosity of an anonymous donor and the expertise of the Technicians for Sustainability, CFSA's Campus rooftops and parking structures are now home to 252 solar panels capable of producing 200,000 kilowatt-hours of energy each year. In addition to increasing the sustainability of our services and reducing operating costs for our nonprofit suite tenants, the solar panels are helping CFSA minimize our environmental impact.

Tenants are already experiencing the benefits of being part of a solar-powered campus. Many have seen a reduction of over 50% in their electric bills during the first year of operation. Bringing solar power to our Campus tenants is one more way that CFSA is offering non-traditional support to local nonprofits.

Dawn Bell, Educational Enrichment Foundation's Executive Director, agreed. She shared, "In addition to reducing our carbon footprint, for the nonprofits that work here at the CF Campus, it's like receiving a recurring monthly donation that we can invest into our programs."

CFSA's Campus rooftops and parking structures are now home to 252 solar panels capable of producing 200,000 kilowatt-hours of energy each year. This investment also benefits the many local nonprofits that call the Campus home. Many have seen a reduction of over 50% in their electric bills already. Bringing solar power to our Campus tenants is just one more way that CFSA is offering non-traditional support to local nonprofits.

To date, the installed system at Community Foundation Campus has produced over 161,059 kilowatt-hours of energy. This is equivalent to avoiding 251,655 pounds of carbon dioxide emissions or the carbon sequestered by planting 1,917 trees.

"I greatly appreciate CFSA bringing solar power onto the Campus and the generous donations that made it possible. Every cent and dollar saved helps nonprofits like ours better serve the community," shared Chris Hanson, Executive Director of The Centurions.

"At Technicians for Sustainability, we have always strived to make solar energy accessible for nonprofits in our community. We were thrilled to install multiple solar PV systems and electric vehicle chargers at CFSA's campus for three reasons. First, their nonprofit tenants now benefit from clean, renewable energy. Second, CFSA's own operations and buildings are powered by the sun and less reliant on fossil fuels. And lastly, the community at large benefits from their multiple EV chargers. CFSA is helping nonprofits and our community thrive, and we are proud to partner with them."

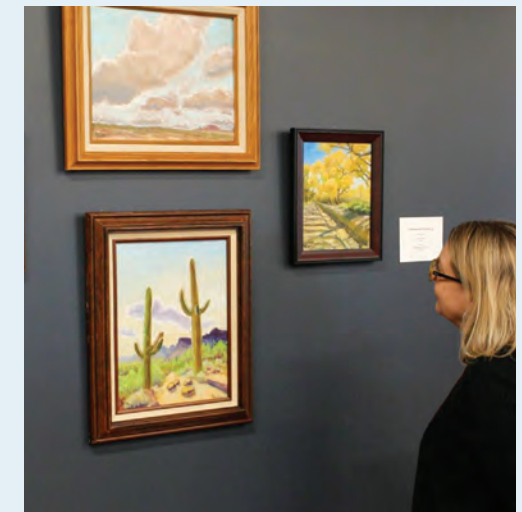

– Technicians for Sustainability

ART ON CAMPUS

In March 2022, CFSA's Campus Art Committee selected and installed the work of 33 local artists throughout our main building. The featured works included a diverse mix of fiber arts, clay, bronze, oil, photography, graphite, ink, watercolor, acrylic paints on various surfaces, and mixed media in both 2-D and 3-D. The opportunity allows local artists to display and sell their work at no cost to the artist, with CFSA receiving no commissions on the artists' sales.

In fiscal year 2022, Community Foundation Campus hosted the work of 33 local artists.

Individual pieces and collections in a variety of mediums were displayed throughout the Community Foundation Campus. When pieces were sold, artists were invited to replace the sold artwork with a new piece to maintain their presence.

\$3.5 million+
in CORE Grants
distributed since 2017 to
provide general operating
support to nonprofits in
Southern Arizona

CORE Grants Program

In May 2022, CFSA awarded a historic \$1,119,500 in CORE Grants to 55 nonprofits in Southern Arizona.

CORE Grants provide the flexible working capital necessary for nonprofit organizations to maximize their impact and improve the quality of life in Southern Arizona. This is the largest single grant round in CFSA's 42-year history.

CORE Grants provide flexibility for organizations to use dollars as they see fit to address emerging issues, boost salaries and benefits, invest in technology and infrastructure, and build communication and fundraising strategies, all leading to a healthier, innovative, and robust organization.

Lastly and most importantly, CORE Grants are rooted in mutual trust with the philosophy that organizations understand their unique needs and can demonstrate and achieve impact.

With \$3.5 million in CORE Grants distributed since 2017, CFSA and its collaborators are dedicated to supporting local nonprofits and promoting equity within Southern Arizona. Jenny Flynn, President and CEO of CFSA, shared, "General operating support has always shown us the good that can come when we give organizations the flexibility and autonomy to decide where their funding is best put to use. The team here at the Community Foundation for Southern Arizona is dedicated to seeing

this grant program continue to grow, evolve, and reach even more deserving organizations for years to come."

This year's grantees represent multiple counties in the Southern Arizona region, including Pima, Cochise, Graham, Greenlee, Santa Cruz, and Yuma counties. Of the 55 total 2022 grantees, 98% serve minority populations, 23% of grantees are headquartered in rural areas, and 49% are first-time CORE grantees. Funds were further distributed equitably by organizational budgets: 33% have a budget below \$250,000, 60% have a budget below \$500,000, and 40% have budgets between \$500k and \$2 million.

Over 150 CORE Grant Recipients, CORE Donor Collaborators, and CFSA staff and board members came together at the 2022 CORE Grants Celebration at the Community Foundation Campus. This celebration was a remarkable demonstration of the power of collective impact funding and an opportunity for community-building between and among our community's nonprofit professionals and generous donors.

Jeaiza Quinoñes Ivory, Director of Community Investments for CFSA, shared, “Greater strides toward equity through CORE grantmaking were seen this year through a focus on rural organizations, organizations that serve marginalized populations, and new grantees. I am excited to see how these grantees will continue to impact the communities they serve through their innovative ideas.”

Kelly Huber, Vice President of Philanthropy for CFSA, shared, “The Community Foundation for Southern Arizona relies on collaboration as a value and practice. CORE Grants have ignited collaboration between CFSA, donors, and the nonprofit community. We are so proud to partner with our donor collaborators in the CORE Grants Program. Without their generosity, partnership, and spirit of giving, this program would not exist to achieve this historic year of \$1.1 million in grants to Southern Arizona nonprofits.”

Act One

Act One provides meaningful arts experiences that enhance the academic and creative potential of children and families in Arizona. Founded in 2011, the organization aims to provide economically disadvantaged school children the opportunity to experience arts performances and museum exhibits as part of their education through school field trips. Through Act One, over 700 students from Title 1 schools throughout Tucson came together at the Fox Theatre to watch a performance of “Pete the Cat” in March 2022. For many students, this was their first field trip to a live performance.

“According to the Arts Education Data Project, in the 2020-2021 school year, there were over 24,000 K-12 students in Pima County that did not have access to the arts. The funding provided by CFSA’s CORE Grant will help Act One close that gap and serve even more Title I students to provide access to arts and arts education across Pima County.

— Bernadette Carroll, Act One

CFSA’s 2022 CORE Grants were made possible with support from CFSA’s Unrestricted Fund and Field of Interest Funds, our generous CORE Donor Collaborators, and the Connie Hillman Family Foundation. Thank you!

Continued ►

Community Home Repairs Projects of Arizona

Community Home Repair Projects of Arizona (CHRP) creates safer places to live by addressing health and safety concerns with efficient home repairs and adaptations to support long-term housing solutions for low-income homeowners and their families throughout Pima County. The organization focuses on projects that make homes safe and livable, reduce high utility bills, and preserve independence for elderly or disabled persons. Services include electrical and plumbing repairs, heating and cooling repairs, roof repair, and accessibility adaptations.

Receiving a CORE Grant means we can say “yes” to more requests from people who need help with their coolers, waterlines, and furnaces. It means we can say “yes” to installing a grab bar or building a wheelchair ramp or a set of low-rise steps to help someone move with more confidence and age in place. This CORE Grant award is an investment in maintaining and stabilizing housing for families across Pima County.”

– Carrie Nelson, CHRP

Willcox Theater and Arts

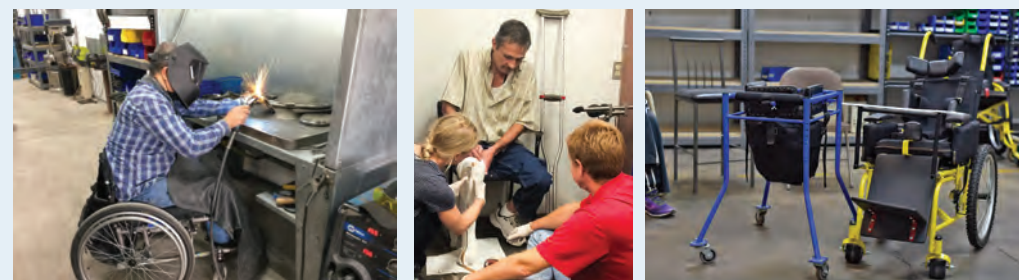

Willcox Theater and Arts provides entertainment, education, and cultural programs and activities for all ages. The organization offers the community over seventy events and activities annually, including weekly summer youth camps in different art and STEM fields, the Willcox Art Music and Movies Festival, the Southeastern Arizona Independent Film Festival, and live performances with featured guest artists and local performers.

Arizona Sonora Border Projects for Inclusion

Arizona Sonora Border Projects for Inclusion’s mission is to provide medical devices, made by individuals who use the same device, to alleviate barriers and enhance the potential of those with a disability. The project was forged between partnerships including universities, governmental agencies, private companies, and individuals from both sides of the U.S. - Mexico border. The organization constructs both standard and custom-built all-terrain wheelchairs for individuals with disabilities. In addition, the organization fabricates custom prosthetics, conducts hearing clinics to evaluate individuals for hearing impairments, and distributes hearing aids.

“Native Americans who have had an amputation of a lower extremity need some form of ambulation. A conventional wheelchair cannot transverse the rough terrain of the reservation and is not sturdy enough to withstand the abuse of that terrain. All of the funds from our CORE Grant will be used to construct 90 RoughRider all-terrain wheelchairs for the Pascua Yaqui Nation. The RoughRider will allow these individuals to get out of their homes, re-enter society, and engage in tribal ceremonies.”

– Burris Duncan, Arizona Sonora Border Projects for Inclusion

“Receiving a CORE Grant as we emerge from the constraints of the pandemic gives Willcox Theater and Arts the funds most needed to make an impact locally and in the more remote areas in this corner of Arizona. It helps us to engage with other groups and organizations to provide services that will have the most impact on populations that were previously not reached by Willcox Theater and Arts.”

– Gayle Berry, Willcox Theater and Arts

Amerind Museum

Amerind Museum seeks to foster and promote knowledge and understanding of the Native Peoples of the Americas through research, education, conservation, and community engagement. Both on the ground and digitally, visitors discover Indigenous voices through ever-growing museum collections, exhibits, art, archives, publications, and library holdings. In addition, Amerind partners with Indigenous peoples to increase cultural understanding for our community, creating forums where tribal community members share their knowledge, culture, and art.

“Beyond invaluable financial support, CORE funding and the thoughtful process also energize the ways Amerind is growing to better serve Indigenous artists and our community with our cultural resources. As Amerind’s audiences and operations expand and grow, CORE funding is a meaningful vote of confidence in the effectiveness of our community impact, strategic directions, and results.”

– Kelly Holt, Amerind Museum

Sonora Environmental Research Institute

The Sonora Environmental Research Institute works to preserve the environment and protect human health, creating a sustainable world where there is environmental justice and opportunity for all people. In partnership with neighborhoods that are experiencing economic and environmental stress, the organization conducts risk reduction and healthy home interventions, provides technical assistance, conducts community participatory research, offers educational opportunities, and implements programs to make immediate and long-term impacts.

“Most grants overlook or actively exclude funds necessary to create and grow healthy nonprofits. The Community Foundation for Southern Arizona’s CORE Grants Program recognizes that programs are founded on healthy and flexible organizations that invest in their operations and in their community. This flexible general operating support encourages investments in essentials for good business – businesses that will be stronger and more responsive to community needs.”

– Ann Marie Wolf, Sonora Environmental Research Institute

Iskashitaa Refugee Network

Iskashitaa Refugee Network creates opportunities to integrate United Nations refugees into the Southern Arizona community while educating the public, strengthening the local food system, reducing local food waste, and increasing food security. Iskashitaa supports an intergenerational network of volunteers and UN refugees who locate, harvest, and redistribute local produce which would otherwise go to waste.

“For years we have struggled to grow from grassroots to a sustainable, forward-thinking non-profit, and this CORE Grant helps us take that giant step! We have increased our harvesting in terms of food sources, as well as expanded our partner organizations that distribute food.”

**– Amelia Natoli,
Iskashitaa Refugee Network**

\$614K+
in general operating
support granted to arts
organizations based in
rural Arizona communities

Endowment for the Arts

CFSA has supported the arts since its founding in 1980. As the recipient of a challenge grant in 1986 from the National Endowment for the Arts, CFSA embraced the opportunity to establish the Endowment for the Arts Fund to support the work of small- and medium-sized arts organizations based in rural Arizona communities. Since 1987, 364 unrestricted operating grants have been distributed, totaling \$614,390.

The 2022 Endowment for the Arts grant round awarded funding to two rural nonprofits: Ajo Council for the Fine Arts, located in Ajo, AZ, and Central School Project, located in Bisbee, AZ.

The mission of Ajo Council for the Fine Arts is to bring performing, visual, educational, and entertaining art activities to Ajo and western Pima County, to provide a venue for local artists to sell their work, and to promote art education in western Pima County.

Cheryl Langer with Ajo Council for the Fine Arts shared, "The CSFA Endowment for the Arts funding affords the Ajo Council for the Fine Arts the capability to develop community art educational programs and continue to support Ajo's diverse artist community by providing a venue to exhibit their art."

Founded in 1985, Bisbee's Central School Project provides affordable studio space to local artists, works to preserve the historic 1905 facility, and helps foster appreciation for the arts. The Project offers arts education and art exposure opportunities at no or low cost for a multigenerational, low-income, and diverse community.

Laurie McKenna, Director of Central School Project, shared, "With the support of CFSA's Endowment for the Arts funding, Central School Project is expanding our reach, our arts programming, and creating more opportunities for our community in the year 2023!"

Bisbee's Central School Project provides affordable studio space to local artists, works to preserve the historic 1905 facility, and helps foster appreciation for the arts through community events and education.

A project of the Ajo Council for the Fine Arts, Art Under the Arches is a fine art gallery that operates as a collective. Situated in the Historic Ajo Plaza, the gallery features artwork from more than 20 regional artists.

LGBTQ+ Alliance Fund

\$1,131,957
awarded to 75 nonprofits
serving the queer
community of Southern
Arizona since 1999

The LGBTQ+ Alliance Fund was created in 1999 by the Community Foundation for Southern Arizona with support from donors, community members, and the National Lesbian and Gay Community Funding Partnership. Through philanthropy and endowment building, the Fund addresses the funding needs of nonprofits and programs serving the queer community of Southern Arizona. To date, the Alliance Fund has awarded 219 grants to 75 organizations, totaling \$1,131,957.

The LGBTQ+ Alliance Fund continued to grow its presence as a sustaining funder of high-impact nonprofits serving the LGBTQ+ community. In fiscal year 2022, \$103,500

was awarded to 12 regional nonprofits to provide innovative programs that benefit the queer community in Southern Arizona.

This is the largest annual grant distribution in the Alliance Fund's 23-year history and a 25% increase from fiscal year 2021. In addition, the Alliance Fund implemented multi year funding for the first time ever, extending two years of funding to its 2022 grantees.

The average amount granted to each organization has also grown significantly. Over the last five years, the average grant has more than doubled from \$4,064 in 2017 to \$8,625 in 2022.

"We are ecstatic to invest in our newest grantees committed to LGBTQ+ equity and inclusion in Southern Arizona," shared Kent Burbank, the 2022 Chair of the LGBTQ+ Alliance Fund Advisory Board. "Thanks to the generosity of our loyal donors, we're transforming our grantmaking by awarding larger grants and transitioning to multi-year funding. This momentum will allow us to better meet the needs of our grantees and ensure that they have additional resources needed to create meaningful change."

"The Alliance Fund's mission is critical to our community because it serves LGBTQ+ individuals in every realm—including immigration. The Florence Immigrant & Refugee Rights Project serves many LGBTQ+ immigrants and asylum-seekers. We want to do our best to better serve our LGBTQ+ clients. Thanks to the Alliance Fund's support, we can ensure immigrants fleeing harm and life threatening conditions have a shot at winning their legal case and are welcomed with dignity, respect, understanding, and knowledge."

— Gabriela Corrales, Florence Immigrant & Refugee Rights Project

In fiscal year 2022, \$103,500 was awarded to 12 regional nonprofits that support the queer community in Southern Arizona.

The Alliance Fund hosted a successful Queer for Good event in October 2021 with over 350 supporters in attendance.

MAP Dashboard

2,400+
local residents attended
MAP Dashboard
presentations in fiscal
year 2022

The award-winning Making Action Possible (MAP) Dashboard was formed through a unique partnership between the University of Arizona, Community Foundation for Southern Arizona, and Southern Arizona Leadership Council to develop a project to measurably improve Southern Arizona through data-driven, collective civic action, and education. Subsequently, Pima Association of Governments and Sun Corridor Inc. joined the partnership in 2016 and 2018, respectively. The partnership represents the nonprofit and business communities, regional government, local economic development, and higher education. The MAP Dashboard fills a

resource gap by providing a common collection of research and information upon which to evaluate and measure key socio-economic indicators in our community and collaborate to address our shared issues.

In the fall of 2021, the MAP Dashboard launched an updated and improved website. The new website includes several new features, including interactive fuel gauges, multimedia highlights, and a prominent location to showcase our community spotlights.

Since its founding, the MAP Dashboard has been recognized for excellence five times by international, national, state,

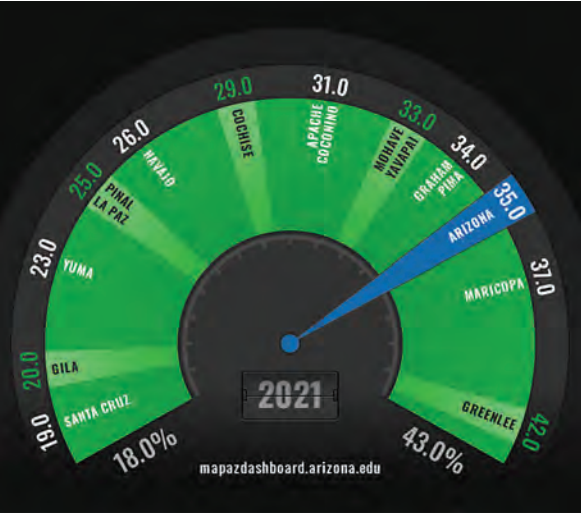

and local organizations. Most recently, the MAP received the 2021 Research Award for Data Collection, Dissemination, and Visualization from the Council for Community and Economic Research for its contribution to the success of local, regional, or state community, economic, and workforce development initiatives.

Community outreach and engagement were central to the MAP Dashboard's activities in fiscal year 2022. The MAP team and associated researchers gave 16 public presentations to local residents last year, reaching 2,490 attendees. These public presentations included events such as:

- The Future of the Workforce: Today and Tomorrow
- Eller's Economic Outlook Luncheon
- Breakfast with the Economists
- MAP 101: Early Childhood Education
- MAP 101: Housing Affordability

On April 21, 2022, the MAP Dashboard and partners brought together over 250 participants from the local community for the Future of the Workforce event.

This graphic shows the percentage of 3rd grade students in Arizona who passed the AzM2 ELA Test in 2021 by county.

Pima Alliance for Animal Welfare

900+
rescue animals
adopted through
PAAW's Adopt Love,
Adopt Local events
since 2014

The Pima Alliance for Animal Welfare (PAAW), an initiative of CFSA, was established in 2012 to ensure that all Pima County companion animals have a loving home and humane care. At that time, almost 13,000 animals a year were being euthanized annually at Pima Animal Care Center (PACC) and our community needed to act. Today, PACC has a save rate of over 90%.

PAAW brings together animal-loving representatives from nonprofits, county shelters, rescue groups, churches, businesses, and more. Over the last ten years, the initiative has hosted over 20 community-wide gatherings featuring presentations by local and national animal experts.

In fiscal year 2022, PAAW's committees planned and implemented two successful Adopt Love, Adopt Local events in partnership with local rescues resulting in over 100 animal adoptions in two days. In addition, PAAW convened key stakeholders from across Southern Arizona for a virtual event with Gail B. Mackie, Retired Executive Director of SpokAnimal in Spokane, Washington. During her time at SpokAnimal, Gail developed a state-of-the-art veterinary clinic, created a public dog park, and established no-euthanasia policies for healthy adoptable animals.

More than 100 rescue animals found new homes at the two adoption events hosted in fiscal year 2022.

In partnership with Rescue Me Marana, PAAW hosted two Adopt Love, Adopt Local adoption events with local rescue groups in fiscal year 2022.

PAAW's Adopt Love, Adopt Local events are made possible through the commitment and hard work of a dedicated volunteer committee.

Led by an Advisory Board of local Santa Cruz leaders, SCCF has distributed over \$1.2 million in grant funding to more than 60 unique nonprofits in Santa Cruz County since 2001.

Santa Cruz Community Foundation

A geographic affiliate of the Community Foundation for Southern Arizona, the Santa Cruz Community Foundation (SCCF) is a permanent charitable resource founded by Santa Cruz County residents to empower their community to invest in itself. Through the support of generous individuals and local businesses, SCCF has been dedicated to making Santa Cruz County a better place to live and work for all by awarding scholarships to students, grants to nonprofit organizations, and enhancing local leadership through capacity building and training.

Led by an Advisory Board of local Santa Cruz leaders, SCCF has distributed over \$1.2 million in grant funding to more than 60 unique nonprofits in Santa Cruz County since 2001. Funding areas include: healthcare, education, youth support, literacy, workforce development, senior services, arts and culture, veterans support, and environmental sustainability.

“In addition to free athletic programming BYTE offers high-quality enrichment classes that can further expose youth to positive experiences and relationships. In 2021 this included a dedicated youth art program at the La Linea Art Studio on Morley Ave. SCCF’s support will allow BYTE to grow this new resource for 2022, with the addition of a year-round Sensory Art Therapy class for children with developmental disabilities. BYTE is proud to partner with the Southern Arizona Autism Association on this initiative and thanks SCCF for helping us bring this new opportunity to the Nogales and Santa Cruz County Community.”

– Charlie Cutler, Border Youth Tennis Exchange

Border Youth Tennis Exchange’s athletic and enrichment programs expose youth to positive experiences and relationships.

Investing In Impact

In December 2021, SCCF awarded \$40,000 in grants, with funding spread among 9 local and regional nonprofit organizations that are working to improve the quality of life in Santa Cruz County.

Combining social services and community health, Valley Assistance Services helps individuals and families live healthy, resilient, and vibrant lives.

Patagonia Creative Arts Association promotes participation and expression in all areas of the arts.

Recognizing An Inspirational Civic Leader

In fiscal year 2022, the Advisory Board renamed its annual leadership award to honor Roberta Bracker, a civic leader and vital supporter of the Santa Cruz Community Foundation from its inception until her passing in June 2021. The Roberta Bracker Memorial Civic Leadership Award is presented annually to an individual who has demonstrated exceptional civic leadership and commitment to making Santa Cruz County a better place to live.

The award was presented for the first time in October 2021 to Dr. Arnaldo Montiel. Dr. Montiel is a retired businessman and an educator. He graduated from Nogales High School and went on to complete his Ed.D. degree in Education Administration. After teaching English and Spanish in California early in his career, he returned to Nogales and to teach and work in the family business. Later, he became principal of Mary L. Welty Elementary School.

Dr. Montiel dedicated his early professional life to teaching children. He has said, "Kids are indeed the future, and those who educate children are afforded the opportunity to shape our collective future." After retiring from teaching, his focus turned from educating youth to helping the senior population in our community. The sustainability of the Nogales Senior Center was being threatened by poor administration and inadequate management. With Dr. Montiel's leadership and the dedication

Dr. Montiel at the Nogales Senior Center.

Dr. Montiel was presented with the Roberta Bracker Memorial Civic Leadership Award in October 2021.

of a new board of directors, the Senior Center was revitalized and continued to offer services during COVID.

Dr. Arnaldo Montiel has made it his mission to assist the community of Nogales, Arizona, in many ways. His compassion, good humor, and many talents have truly been put to good use in the community he loves.

Nogales has undoubtedly become a better place to live because of him.

Each year, the Community Foundation for Southern Arizona honors individuals whose talents, compassion, and commitment help create a more vibrant and equitable community for all Southern Arizonans.

CFSA Annual Awards

Buddy Amos Founders Award

Created in 2015 in honor of Buddy Amos, a CFSA Founder, this award honors inspirational founders of local nonprofits in Southern Arizona.

Andrew Rush was selected to be the 2022 Buddy Amos Founders Award. Andy is an artist and the founder of The Drawing Studio, which brings art and the benefit of creating art to the entire community. They offer classes and workshops, host events and exhibits, and foster awareness of the positive effects of creativity on individuals and the entire community. Under Andy's leadership, The Drawing Studio envisions the world as a better place where art and creative spirit are fostered as cultural necessities.

An artist himself, Andy shared, "At The Drawing Studio, I take great pleasure in working with people from all walks of life who bring incredible life experience and richness to the study of art, a richness that informs their visual expression once they have the tools and practices to inform their work."

Andrew Rush

Southern Arizona Civic Leadership Award

Created in 2016, CFSA's Southern Arizona Civic Leadership Award honors community members who have inspired others through their work, volunteerism, and advocacy efforts with diverse or underrepresented communities.

The 2022 award recipient, Betsy Bolding, has gone above and beyond to make a lasting impact in Southern Arizona through her various careers and nonprofit endeavors. Betsy serves on SARSEF's Board of Directors and is on the board of The Loft Cinema and the Women's Studies Advocacy Council. She is also an active member of the League of Women Voters and the Black Women's Task Force. Betsy is a past president of the boards of the Community Food Bank, Arizona Theatre Company, The Loft Cinema, and Prescott College. She is also an Emeritus member of the Arizona Public Media Community Advisory Board and, as such, can occasionally be heard fundraising on AZPM's radio outlets.

When asked to reflect upon what receiving this award means to her, Betsy shared, "I am completely overwhelmed and deeply honored to receive CFSA's Civic Leadership Award, but also humbled when I remember not only those outstanding leaders who received this distinction before me but also the many amazing unrecognized civic leaders who hold our community together. Many thanks to the Community Foundation for Southern Arizona for this coveted Civic Leadership recognition."

Betsy Bolding

Diane Lynn Anderson Memorial Award

Established in 1990, this award honors individuals in Southern Arizona who exemplify active acceptance, respect, and compassion for people with disabilities.

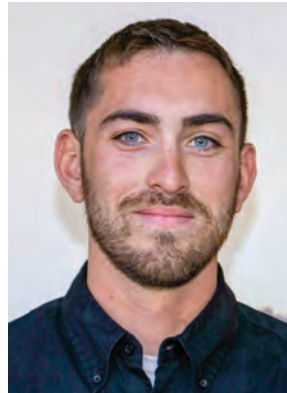

Our 2022 recipients included Talon Duncan, Ranch Manager of Echoing Hope Ranch, and Jim Roden, Lead Pastor of The Journey Church.

Talon Duncan, a Southern Arizona native, began working at Echoing Hope Ranch upon graduating high school. He has since become the Ranch Manager. Echoing Hope Ranch's mission is growth, discovery, and lifelong learning in safe and respectful homes and communities for adults and teens with autism and other developmental disabilities. The guiding philosophy of Echoing Hope is to acknowledge each person as a dynamic human being and to help them build as full and satisfying life as possible by recognizing each individual with autism's strengths and putting them to good use.

Regarding his experience working at Echoing Hope Ranch, Talon shared, "My oldest sister is developmentally disabled, and I was fortunate to grow up being around her because it made me more understanding and compassionate towards others with similar disabilities. I've now worked for the ranch for almost six years. I love my job and the amazing people I work with."

Jim Roden and his family have been part of The Journey Church for 19 years. The Journey Church offers a special program, Friends for Life, which provides opportunities for adults with disabilities to develop relationships with each other and the volunteers that serve in the ministry. Friends for Life meets twice monthly for participants to spend time together, have fun, and share in small groups to help deepen relationships.

Jim recently received his Doctoral Degree at Talbot Theological Seminary, where his dissertation focused on the relationship between disability ministry and church health. Upon being notified as this year's Diane Lynn Anderson Memorial Award recipient, Jim shared, "I am deeply honored to be nominated for this award, but I cannot accept it alone. This award belongs to the staff, leadership, and congregants of The Journey Church—especially those with disabilities. They are the ones who have created a culture of love, acceptance, and reciprocity."

Talon Duncan,
Ranch Manager of Echoing Hope

Jim Roden,
Lead Pastor of The
Journey Church.

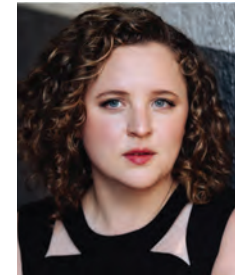

Igor Gorin Memorial Award

The Igor Gorin Memorial Award was established in 1987 by Mary Gorin as a fitting way to honor the memory of her husband, Igor Gorin, a world-renowned opera singer. Since 1993, the Igor Gorin Memorial Award has awarded \$358,000 to support young vocalists at the start of their operatic careers.

This unrestricted award is given out once a year to help gifted vocalists poised to begin successful careers with expenses associated with accompanists, coaches, and auditioning as they transition from school into professional careers.

In 2022, the award committee selected two talented vocalists to receive the Igor Gorin Memorial Award, Emily Blair and Simone McIntosh.

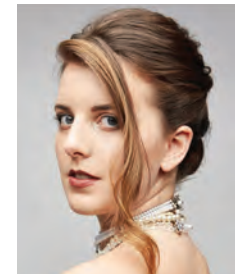

Emily Blair is a versatile and engaging young artist originally from Chicago, Illinois. She joined the prestigious Merola Opera Program for the 2021 season and was previously a Benenson Young Artist at Palm Beach Opera for two seasons.

Emily Blair

When asked how she envisions giving back to the performing arts community, Emily shared that she leads yoga classes designed for performers and is developing a course to support performers' mental, emotional, spiritual, and physical needs. She stated, "Through healing ourselves and building a deep connection to our inner artist, we can share that with the world and deepen the profound impact of music."

Simone McIntosh is an accomplished young artist originally from Vancouver, British Columbia, and currently residing in Paris, France. She was an Adler Fellow for the prestigious San Francisco Opera, an ensemble artist for the Canadian Opera Company, and an artist in the renowned Merola Opera Program.

Simone McIntosh

In reflecting on her goals as a performing artist, Simone shared, "My goals are to strive for excellence and beauty in my music-making, not perfection. I want the music to lead me to fulfilling places physically, mentally, and emotionally. I wish to provide space for audiences to experience and reflect on what beauty means to them."

Grant Distributions FY22

Thanks to our donors and funding partners, CFSA is the largest grantmaker in Southern Arizona. With a primary focus on Pima and Santa Cruz counties, CFSA supports a seven-county region that includes secondary grantmaking markets in Cochise, Yuma, Graham, Greenlee, and Pinal counties.

Since 1980, CFSA has given over \$230 million to the communities it serves. Today, we have nearly \$200 million in assets and over 500 funds. CFSA’s vision to create a vibrant and equitable community for all Southern Arizonans would not be possible without the generosity of our donors.

Through the newly launched Nonprofit Solar Project, CFSA looks to address environmental disparities in our local community and increase the capacity of the nonprofit sector in Southern Arizona.

Building a Brighter Future

In April 2022, the Community Foundation for Southern Arizona launched the Nonprofit Solar Project to offer local nonprofits the opportunity to meet a significant portion of their energy needs through solar power. By switching to solar, the selected nonprofits will reduce their carbon footprint and energy costs, freeing up resources for programming or other infrastructure needs.

The project is the first initiative under CFSA's new Environmental Sustainability Impact Fund, which aims to support nonprofits with funding for conservation and restoration programs, climate justice, habitat protection, community gardens, watershed management, and solar initiatives in Southern Arizona.

"We are so excited and thankful to be a recipient of this unique funding! Going solar will provide multiple benefits and is a long-term investment in YOTO's financial sustainability and environmental footprint."

– Elizabeth Slater, Youth On Their Own

Tucson Electric Power

**SOLAR UNITED
NEIGHBORS**

Representatives from Solar United Neighbors, Technicians for Sustainability, and Tucson Electric Power joined CFSA President and CEO Jenny Flynn and Program Manager David Gardner for the official ribbon cutting at CFSA's 2022 Annual Event.

The Nonprofit Solar Project was developed in partnership with Solar United Neighbors and is funded primarily through generous support from an anonymous CFSA donor. Additional support from Tucson Foundations, Tucson Electric Power, and individual donors through CFSA's Environmental Sustainability Impact Fund, helped expand the project's reach in its first year.

In the first year of funding, \$630,000 will be invested to provide solar installations for the following nonprofit organizations through the Nonprofit Solar Project.

- BICAS
- Coyote TaskForce
- The Drawing Studio
- The Edge School
- Emerge! Center Against Domestic Violence
- Sonoran Glass School
- Youth On Their Own

"For the selected nonprofits, the installation of solar power is like a monthly gift through reduced energy costs for decades to come," shared Jenny Flynn, President and CEO of the Community Foundation for Southern Arizona. Flynn continued, "Our partnership with Tucson Foundations, Tucson Electric Power, and other contributors to our Environmental Sustainability Impact Fund allowed for a significant level of funding in the project's first year. We are extremely grateful for their support."

"Tucson Foundations is supporting this new solar project due to the Community Foundation for Southern Arizona's continued leadership and collaboration in creating extraordinary philanthropic opportunities," shared Jennifer Lohse, Vice President of External Relations at Tucson Foundations. Lohse continued, "We are especially excited to support this initiative and the work at Emerge! Center Against Domestic Violence because every dollar not spent on utilities can be reinvested into the missions of these remarkable nonprofits."

Continued ►

Building a Brighter Future continued

Ed Sakwa, Chief Executive Officer at Emerge! Center Against Domestic Abuse shared, “We believe that serving this community in a way that is inclusive, responsible, and equitable requires that our operations also be sustainable. Going solar will allow Emerge to lessen our carbon footprint and the energy costs of operating a facility that serves survivors 24/7/365.” Sakwa continued, “Emergency shelter can mean the difference between remaining in an abusive situation and facing homelessness for many of the people we serve. Equipping our emergency shelter with solar energy will lower the cost of operating this vital service—making it a more sustainable resource for those who need it.”

A special community committee guided by Solar United Neighbors reviewed more than 70 applications and conducted site visits with applicants to assess the location, size, and unique needs of each installation. Now that year-one grantees have been determined, Solar United Neighbors will work with them to select solar installers.

Bret Fanshaw, Regional Director for Solar United Neighbors, shared, “We were thrilled to receive so much interest from a variety of organizations in going solar and couldn’t be more excited to help these seven incredible nonprofits make their solar vision a reality.” Fanshaw continued, “We can’t wait to see the installations go up and their energy savings kick in. We’re hopeful there will be opportunities in the future to help more nonprofits benefit from free, clean, and locally produced energy.”

“So many of our nonprofit partners are focused on sustainable practices and doing what’s right for the planet,” said Wendy Erica Werden, Manager of Community Investment and Philanthropy at Tucson Electric Power. Werden continued, “This is one way they can accomplish those goals and redirect more of their operating costs toward meeting the critical needs of our community.”

Elizabeth Slater, Chief Executive Officer at Youth On Their Own, shared, “We are so excited and thankful to be a recipient of this unique funding! Going solar will provide multiple benefits and is a long-term investment in YOTO’s financial sustainability and environmental footprint.” Slater continued, “The energy savings gained by a solar parking lot will dramatically reduce our overhead costs. As a result, YOTO will be able to redirect more funding towards our mission of helping Pima County’s youth experiencing homelessness to stay in school.”

The switch to solar energy is a long-term investment in YOTO’s financial sustainability, allowing them to provide financial assistance, basic human needs, and guidance to more youth experiencing homelessness in Pima County.

For the recipients of the Nonprofit Solar Project grant, this funding not only helps put money into their programs, but they hope to inspire other organizations to switch to solar as well. “With this tremendous grant from the Nonprofit Solar Project, we will save approximately \$6,400/year in electricity and will redirect these funds to The Drawing Studio’s Equity Arts programming,” shared Emiel Brott, Executive Director of the Drawing Studio. “The Drawing Studio believes that the time has come for all organizations to lead the way towards a sustainable future. With this grant, we will be a neighborhood example of how to be a solar energy champion,” Brott continued.

Representatives from the BICAS Collective shared, “For over 30 years, BICAS has not only preached the gospel of environmental stewardship but has lived it daily by rescuing bicycles and bike parts that would have ended up in a landfill. Having our operations powered by solar energy is another decisive step in our long-game organizational commitment to sustainability.”

When asked about her long-term goals for the project, CFSA President and CEO Jenny said, “Two of the most significant barriers to a vibrant Southern Arizona are environmental risks and inequity. By coming together through CFSA’s Environmental Sustainability Impact Fund, members of our generous community have directly and simultaneously addressed those barriers by connecting these seven nonprofit organizations with technology that saves them dollars and reduces their environmental impact. We envision a solar-powered nonprofit sector grounded in environmental self-sufficiency. I believe that through the power of collective giving, we can make that vision a reality.”

Staff members from The Drawing Studio and the Community Foundation for Southern Arizona during a site visit.

Classes and workshops at Sonoran Glass School and BICAS (Bicycle Inter-Community Art & Salvage) will soon be solar powered thanks to generous support from Tucson Foundations, Tucson Electric Power, and the community donors who contributed to CFSA’s Environmental Sustainability Impact Fund.

In the fall of 2021, The Stonewall Foundation transitioned into a donor-advised fund at the Community Foundation for Southern Arizona, representing one of the most generous gifts CFSA has ever received and a tremendous history of benefit to the community.

The Stonewall Fund: A Philanthropic Legacy Continues

Established as a private independent foundation by William A. Small and his wife Susan Small, the Stonewall Foundation was one of Tucson's best-kept philanthropic secrets for many years. It has been run since 1993 by their son, Rick Small, a Tucson native and active member of Southern Arizona's nonprofit community.

The Small Family moved to Tucson in the 1930s from Chicago, when William Sr. purchased the Tucson Citizen. Ever since, they have been actively engaged in the Tucson community.

In just over four decades, the Stonewall Foundation granted \$45 million to more than 35 nonprofits in Tucson, working quietly behind the scenes to provide annual support to vital organizations in the areas of art, health, and education. The organization's commitment to sustained, multi-year funding played a critical role in the development and sustainability of many of Tucson's cherished nonprofit organizations.

In the fall of 2021, The Stonewall Foundation transitioned into a donor advised fund at the Community Foundation for Southern Arizona, representing one of the most generous gifts CFSA has ever received and allowing the Community Foundation to play an important role in continuing a tremendous history of generosity.

Tucson Botanical Gardens and Ironwood Tree Experience are two of many nonprofit organizations that receive ongoing, annual support from the Stonewall Fund.

Organizations supported by The Stonewall Foundation include:

Arizona Public Media
Arizona Sonora Desert Museum
Arizona Theater Company
Books Save Lives
Casa Maria Soup Kitchen
Clínica Amistad, a project of Amistad y Salud
Community Food Bank of Southern Arizona
Desert Survivors
Desert Voices Chorus
Friends of Tucson's Birthplace
Habitat For Humanity
Handi-Dogs, Inc.
The Haven
Imago Dei Middle School
Ironwood Tree Experience
KXCI Community Radio
La Frontera Center, Inc.
Literacy Connects
Many Mouths One Stomach
Mariposas Sin Fronteras
Mission Gardens Project
NAMI Southern Arizona
Planned Parenthood
Reveille Gay Men's Chorus
Ronald McDonald House Charities of Southern Arizona
Southern Arizona AIDS Foundation
Southern Arizona Senior Pride
Tucson Botanical Gardens
Tucson Girls Chorus
Tucson Interfaith HIV/AIDS Network
Tucson Jazz Festival
Tucson LGBT Chamber of Commerce Foundation
Tucson Museum of Art
Tucson Symphony Orchestra
UA Foundation - College of Social and Behavioral Sciences

Rick shared, "Being a philanthropic organization in Tucson has been a wonderful gift, but maintaining the foundation under its formative documents became difficult and time-consuming. As a donor advised fund at CFSA, we can continue to meet the needs of our designated donor organizations and give more freely to needs as they arise. Moving our fund to the Community Foundation has given our family the flexibility to provide grants and support organizations that we never could have before."

Bill Small and his wife, Cathleen Bilyeu-Small, recently moved to Southern Arizona and shared, "We are glad to be in Tucson as residents and have the opportunity to join Stonewall and CFSA to provide assistance to the valuable organizations in the community."

"As a fund of the Community Foundation, the family will be able to continue supporting key nonprofit partners into the future, as well as identify and fund additional organizations making a difference in Southern Arizona," shared CFSA President and CEO Jenny Flynn. "We are thrilled to support The Stonewall Fund as it enters this new era of giving and community philanthropy."

\$45 million+
in sustained, annual support
to more than 35 local
organizations in Tucson

Clínica Amistad

The inability to overcome financial barriers to insurance impedes access to primary, preventative healthcare and care for acute and chronic conditions, which can severely affect health outcomes. Clínica Amistad provides free primary health care, preventive services, and education to those in need and without access to health care throughout the greater Tucson area. The services provided through this innovative clinic are made possible by its all-volunteer staff of licensed medical professionals.

"We are honored that Clínica Amistad, a project of Amistad y Salud, is part of The Stonewall Fund family," shared Nicole Glasner, Executive Director at Clínica Amistad. "During the height of the pandemic, our doors remained open, due to the generosity and support of The Stonewall Fund. Their generosity has made a real difference in the lives of those we serve. Because of their support and commitment to making a difference, we are able to continue caring for low-income and uninsured members of our community. We are truly blessed to have a Stonewall to lean on for support!"

"Being a philanthropic organization in Tucson has been a wonderful gift, but maintaining the foundation under its formative documents became difficult and time-consuming. As a donor advised fund at CFSA, we can continue to meet the needs of our designated donor organizations and give more freely to needs as they arise."

Literacy Connects

Literacy Connects is a volunteer-driven Tucson nonprofit serving over 46,000 children and adults annually through literacy and arts programming that create solutions to many of society's most persistent problems. Programs include Adult Basic Literacy, English Language Acquisition for Adults, Reach Out and Read, Reading Seed, and Stories that Soar!

"The Stonewall Foundation has been a key supporter of our work at Literacy Connects for more than 10 years," shared Sharon O'Brien, Interim Executive Director at Literacy Connects. "Their belief in investing in learners, believers, and achievers has helped our adult and youth programs serve and meet the needs our community. Our mission of connecting people with a world of possibilities could not have happened without the Stonewall Foundation. They funded the expansion of our afterschool program that teaches kids real life skills to use their imagination and make their creative stories come to life. They helped our adult students increase their literacy that had cascading effects on future generations. We are grateful to have them as partners in this important work in Southern Arizona."

Tucson Girls Chorus

The Tucson Girls Chorus (TGC) provides outstanding choral education that fosters leadership, a sense of belonging, and affirmation that each girl's voice matters. The Stonewall Fund has provided instrumental support to the Tucson Girls Chorus's Community Engagement Program for more than a decade. Their funding provided the initial funds to launch the program and has helped sustain and grow the program ever since.

Many Mouths One Stomach

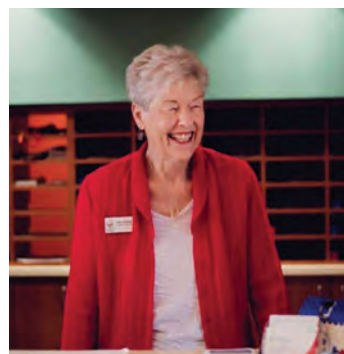

Many Mouths One Stomach (MMOS) is a Tucson-based collective of artists, teachers, and community activists. It is the organizing body for the Annual All Souls Procession and serves as a vehicle for artists to collaborate, create, and inspire the public through Festal Culture.

Festal Culture is the expression and fulfillment of core human needs through public celebration, ceremony, and ritual. The All Souls Procession is an event that was created to serve the public need to mourn, reflect, and celebrate the universal experience of death through their ancestors, loved ones, and the living. Since its inception in 1990, the event has grown into an enormous spectacle with over 150,000 participants on the streets of downtown Tucson for the two-mile-long human-powered parade.

"The Stonewall Fund's support has been invaluable to MMOS," shared Nadia Hagen, Artistic Director for MMOS. "Grant funds provide honorariums for instructors and artistic directors who offer free community workshops that deepen the All Souls Experience. Funding from The Stonewall Fund also helped build interactive installations along the All Souls walking route and cover necessary infrastructure costs such as sanitation."

"The Stonewall Fund's support allows us to serve beyond our building through partnerships with Title 1 schools throughout Southern Arizona," shared Dr. Marcela Molina, TGC Director. "Through the Fund's generosity, the TGC Engagement Choirs have served over 600 singers (and counting!) - giving them the space to boost confidence and cultivate compassion as they lift their voices. Thank you to Rick Small and The Stonewall Fund for your continued commitment to our work!"

Ronald McDonald House Southern Arizona

The Ronald McDonald House provides a “home-away-from-home” for families who have to travel to Tucson to receive medical care for their critically ill child. Families can stay as long as their child is being treated. There is no cost to stay at the Ronald McDonald House, thanks to the generous support of our community.

Through The Stonewall Fund, Rick Small made a generous donation to Ronald McDonald House Charities of Southern Arizona (RMHC-SA) in honor of his friend, Judy Goddard. Judy had just received the Governor’s Lifetime Achievement Award for Volunteerism – the only one in the state – for 35 years of volunteering at the Ronald McDonald House.

Families that stay at the Ronald McDonald House are going through one of the worst times of their lives, dealing with all the stresses and worries of having a critically ill baby or child. Sometimes there are no words to provide comfort -only kindness and compassion.

“That’s what Judy Goddard has been offering moms and dads at the Ronald McDonald House since 1988,” said RMHC-SA President and CEO Kate Maguire Jensen. “We were delighted that Rick recognized our Judy and grateful that the gift was designated for general support. Having funds earmarked for general support allows us to use donations in a way that best serves children and families.”

Tucson Interfaith HIV/AIDS Network

The important efforts supported by The Stonewall Fund include the work of organizations serving the LGBTQ+ and HIV communities. As a coalition of individuals, faith communities, businesses, and nonprofits working together to address HIV/AIDS in our community, Tucson Interfaith HIV/AIDS Network (TIHAN) serves a diverse population of people living with HIV. There are thousands of people in Pima County living with HIV, and TIHAN offers resources and support to help them live well.

“Rick Small and The Stonewall Fund have made a major sustained commitment to responding to the needs of people living with HIV in our community,” shared TIHAN Executive Director Scott Blades. “The Stonewall Fund supports our Living Well with HIV series of classes focused on budgeting, nutrition, and life skills. The Fund also provides key funding for our Poz Café lunch and social program, the largest regular gathering place for people living with HIV in Southern Arizona, which has served more than 34,000 meals for people living with HIV.”

He continued, “As we are able to move out of the lockdown necessitated by the pandemic’s impact upon our immune-compromised population, we are fortunate to know The Stonewall Fund continues to support our Living Well with HIV classes and our Poz Café lunch and social event that provide skills, resources, encouragement, peer support, and socialization to people living with HIV. Southern Arizona is fortunate to have a funder committed to equity and justice for marginalized and neglected communities and to champion the issues and innovative responses that can help people thrive.”

Field of Interest Impact Funds offer a simple and effective way for anyone in Southern Arizona to participate in collective impact funding in the areas they care about most.

CFSA Field of Interest Impact Funds

A thriving Southern Arizona is a great place to work, play, learn, create, innovate, invest, prosper, grow up, grow families, grow businesses, and grow older.

At CFSA, we envision a Southern Arizona where all community members are housed, fed, and have access to high-quality education, healthcare, and economic opportunities. We look to a future when our communities use resources sustainably and have the capacity to adapt to changing needs with compassion for humans, animals, and our desert environment.

To achieve this vision, CFSA is committed to partnering with our donors and the nonprofit organizations that provide critical services and programming to our local communities. Working together, we will increase the availability of general operating support and highlight the far-reaching benefits of trust-based, collective impact funding.

General operating support grants enable nonprofits to build the sustainable infrastructure necessary to measurably affect change. By allowing nonprofits to take advantage of new opportunities as they arise, general operating grants also foster innovation, capacity building, and organizational development.

CFSA recently established nine Field of Interest Impact Funds to offer a simple and effective way for community members to participate in collective impact funding in the areas they care about most. Impact Funds welcome donations of any size, and the contributions are brought together to provide general operating support grants to local nonprofits that support specific causes.

"You might have a donor who is interested in supporting work for animals and another who is passionate about housing. You might have a 16-year-old who can give \$16 or a 60-year-old who can give \$60,000," shared CFSA President and CEO Jenny Flynn. CFSA's Impact Funds offer donors at every stage of giving a way to maximize the impact of their donation.

Animal Welfare

For many Southern Arizonans, our animals play an essential role in our quality of life. They are part of our family. This fund helps ensure that animals in our communities have access to humane care, opportunities for fostering and adoption, and the resources needed to strengthen the human-animal bond.

Arts & Culture

Southern Arizona is an area rich in cultural history with a vibrant arts community that enhances our lives. This fund supports the appreciation, education, promotion, and enjoyment of arts and humanities. This includes support for museums, cultural events, art education, literature and music programs, performing arts, visual arts, cinema, and public art.

Children & Youth

Our future depends on the continued development and support of our children and youth. This fund supports Southern Arizona's youth from birth to adulthood, providing them with the resources and opportunities they need to succeed. This includes funding for early childhood education, high-quality daycare, literacy programs, STEM programs, and more.

Education & Economic Equity

Education is a gateway to increased economic equity. This fund promotes academic success and educational opportunities through programs and scholarships to support diverse and economically disadvantaged students. This includes vocational training, tutoring programs, support for parents returning to school, literacy programs, day work programs, and more.

Environmental Sustainability

Donations to this fund help to preserve, protect, and restore the environment while supporting greater awareness and education about our planet. Projects supported include conservation and restoration programs, climate justice, habitat protection, community gardens, watershed management, and solar initiatives.

Greatest Need

Donations to our Greatest Need Impact Fund support a timely response to urgent and crucial needs in Southern Arizona communities. This includes grants to address property destruction, violent acts, gap funding for nonprofits, unforeseen environmental needs, global pandemics, natural disasters, and more.

Healthy Communities

Access to basic needs, healthcare, and high-quality support programs is essential for a thriving community. This fund supports programs that increase access, such as food banks, transportation services, respite care, senior services, rural healthcare, veteran services, domestic violence programs, and diaper banks.

Housing

Safe, affordable housing is essential to creating a vibrant and equitable community. Donations to this fund will help address housing insecurity and homelessness in Southern Arizona. This includes shelters, cooling stations, family support programs, home repair programs, rental assistance programs, and advocacy.

Inclusion, Diversity, Equity, and Access (IDEA)

Contributions to this fund help support programs and organizations that address systemic inequities and eliminate barriers that have historically prevented the full participation of all community members. This includes programs that support marginalized communities, individuals with disabilities, low-income individuals who need legal support, and more.

\$630K

in grants through the Nonprofit Solar Project made possible by contributions to the Environmental Sustainability Impact Fund in fiscal year 2022

Civic Leadership Campaign

(July 1, 2021 – June 30, 2022)

In CFSA's role as convener, facilitator, collaborator, and educator, our leadership activities address critical issues as they arise and provide an enormous return on investment.

The annual gifts made by these donors help ensure that CFSA can continue to be responsive and participate in creating regional solutions.

Through advocacy and bicycle salvage, BICAS provides affordable transportation, education, and creative recycling programs to the greater Tucson community.

Our Neighbors Farm & Pantry works to create a healthier and food secure community through education and increased access to quality food. More than a traditional food pantry, they grow a significant portion of the produce they distribute and offer opportunities for families to harvest their own food from the farm.

Legacy Society

(as of June 30, 2022)

CFSA's Legacy Society recognizes donors whose far-sighted generosity will benefit future generations as a result of deferred gifts through their estate plans.

These individuals have made a commitment to the future of our community by naming the Community Foundation for Southern Arizona in their will, qualified retirement plan, life insurance policy, trust, or other instruments.

We recognize these individuals and appreciate their generosity and thoughtfulness.

The mission of Sol Dog Lodge and Training Center is to keep dogs in their homes with the people who love them.
